Dear Sir:

I have just received in a collection of coins from South America, a Costa Rican Doubloon (Rep. of Central America, CR Mint) in extremely fine condition. dated 1863.

This is the coin with the tree on the face and is illustrated in Scotts 1910 Catalog, page 164. Scott, you will notice, lists it under Hunduras, but the Honduras coin would have the Mint mark "T". This is a very rare coin and hardly ever turns up.

Should you be interested in this coin, I will be very pleased to hear from you and remain,

Yours very truly,

R. Kohler

Dear Sir:

I am writing to ask you whether you are open for anything in the Oriental coins, such as Chinese and Persian gold and silver as I have quite a nice line ~~of~~ stock and would be very pleased to hear from you on the subject.

I have a very large stock of coins of all kinds and should you have any wants in any series at all, I would be very glad to be favored with a list of your wants.

I remain,

Yours very truly,

Dear Sir:-

I have your letter of March 11th. I am not making a specialty of oriental coins and do not want to buy any at this time.

Yours very truly,
